Dear Bay Area Community Foundation Friends and Supporters,

In which direction is our community moving and how can everyone join in? As a compass illustrates, we move outward from the center. A compass helps us understand where we stand at the moment and provides guidance. The center of the compass holds Bay Area Community Foundation’s goal to fulfill our donor’s wishes and partner with others to improve the quality of life in our community. No matter which direction we select, it creates opportunities to build relationships and address donor and community issues.

2013 was a banner year for Bay Area Community Foundation.

- Over $1.8 million in grants and scholarships were awarded during 2013. Grants to nonprofit organizations totaled $1,275,000, and $554,000 was awarded in scholarships. This is the largest annual dollar amount awarded by the Foundation since it was formed in 1982!
- The Youth Advisory Committee sponsored tours of Saginaw Valley State University for 601 high school freshman.
- Successful fundraisers were held by the Northern Bay Fund and the Arenac Community Fund to increase their grant awards and to support building their endowment funds.
- The Foundation participated in the development of the Bay County Road Map to the Future. The Road Map provides information to businesses, nonprofits, government, education leaders, and many others, to help them develop plans that fit with a set of key elements and priority programs for creating a vibrant community vision.

The Foundation’s Board of Trustees works tirelessly every year to ensure the Foundation maintains and nurtures strong connections to the community. The Stewardship Committee oversees the investment of donor funds through low risk diverse vehicles that deliver strong returns. There are nine other committees comprised of 98 individuals who work nonstop throughout the year to recommend grant and scholarship awards.

We gained new donors in 2013 while continuing to partner with our current donors to build a fantastic future for our community. Please join us in celebrating how your common interests and donations have benefited all who live in our community. Bay Area Community Foundation is For Good For Ever!

Warm Regards,

“As the saying goes
‘We stand on the shoulders of those who came before us.’
Leaving a legacy to your community will last forever
— and that is what an endowment fund does.”

Cathy Washabaugh • Bay Area Community Foundation Board of Trustees
Post secondary education is essential to the economic wellbeing of our region. To help prepare residents of the Great Lakes Bay Region for the future, the Bay Area Community Foundation has instituted two initiatives to assist community residents in pursuing education beyond high school: the Bay Commitment First Generation Scholarship and the Great Lakes Bay College and Career Resource Center. Both of these entities work to increase college awareness, student readiness and success by providing information, mentoring, and needed resources, including financial support through scholarships. Since its inception, the Bay Commitment First Generation Scholarship has awarded $1.2 million to first generation college students in addition to the hundreds of thousands of dollars in donor sponsored scholarships awarded each year. Since 2011, the Great Lakes Bay College Resource Center’s outreach and advising programs have reached over 5,800 individuals looking to further their education or career. Most recently, the Foundation secured a $25,000 grant to provide GED testing for area women.

Continuing education benefits the person, the vibrancy of the area’s economy, and the quality of life for all citizens. Post secondary education is a necessity, not a luxury.

**Foundation Donors**
On the evening of September 30, 2013, the Bay Area Community Foundation played host to nearly 300 guests at the 2013 Faces of Philanthropy Celebration. Held at the DoubleTree by Hilton Bay City – Riverfront, this event honored area individuals who have worked to improve our community through selfless contributions of time, energy, and financial resources. Faces of Philanthropy is presented every other year and brings together families, businesses, educators, government leaders, and volunteers in our region to recognize the enormous contributions made by area philanthropists.

One of the evening’s major highlights was the presentation of the Peggy Rowley Community Enrichment Award to the 2013 recipients. Established in 1996, the award is given to community residents who have distinguished themselves as philanthropic leaders through volunteerism, contributions of financial resources, or both. Past recipients include Peg Rowley, Bob Sarow, Ron McGillivray, Ralph Powell, Mr. Leopold J. Kantzer, Jerome Yantz, Ruth Jaffe, Thomas Tabor III, and Guy T. Moulthrop. The last awards were presented to Donald Carlyon and Charles Curtiss in 2011. This year’s honorees include Richard “Dick” Somalski and Edith “Dee Dee” Wacksman.

Dick Somalski is the owner of Bay Landscaping and is the area’s speedskating patriarch. He founded the Bay City Speedskating Club in 1946 and ascended to the U.S. Speedskating Association’s Board of Trustees by 1968. In addition, he served as the coach for Olympic gold medalist Terry McDermott in two consecutive Olympic Games. Somalski was also a major driving force behind the building of the Bay County Civic Arena.

Dee Dee Wacksman has been an integral part in bringing history to life in the Bay Area. She is a founding member of the River of Time festival, helped create Bay County’s Civil War Roundtable, and worked to establish the historic Trombley House in Veterans Park. Like Somalski, she was also greatly involved in the building of the Civic Arena. Currently she serves as a Trustee of Delta College.

Sandra Pierce, Vice Chairman of FirstMerit Corporation, and Chairman and CEO of FirstMerit Michigan, served as the evening’s keynote speaker. She is currently a board member of Barton Malow Enterprises and Penske Automotive Group. She serves as chair of the Detroit Financial Advisory Board and chair of the Henry Ford Health System. During the evening Pierce shared her story of growing up in Detroit. As the youngest of ten children whose parents ran their own small business, she realized that education was her only path to success. She related what obstacles Michigan business faces and what attendees could do to help pave the way for future leaders.
